Independent Auditor's Report

Board of Directors
Rural Water District No. 1, Noble County

Report on the Financial Statements

We have audited the accompanying statement of assets, liabilities and net position of Rural Water District No. 1, Noble County as of December 31, 2013 and the related statement of revenues, expenses and changes in net position and of cash flows for the year then ended and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting as described in Note 1. This includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such an opinion. An audit also includes evaluating the appropriateness of accounting policies used, and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinion

In our opinions, the financial statements referred to above, present fairly, in all material respects, the modified cash basis financial position of Rural Water District No. 1, Noble County, as of December 31, 2013; the changes in modified cash basis financial position; and cash flows thereof, for the year then ended in conformity with the basis of accounting described in Note 1.

Basis of Accounting

We draw attention to Note 1 of the financial statements that describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinions are not modified with respect to this matter.

Other Reporting Required By Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued a report dated January 3, 2015 on our consideration of Rural Water District No. 1, Noble County's internal control over financial reporting and on our tests of its compliance with certain laws, regulations, contracts and grants and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL
OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED
ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS

Board of Directors
Rural Water District No. 1, Noble County

We have audited the financial statements of Rural Water District No. 1, Noble County as of and for the year ended December 31, 2013 and have issued our report thereon dated January 3, 2015. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and in *Government Auditing Standards*, issued by the Comptroller General of the United States. The financial statements were prepared on the modified cash basis of accounting which is a basis of accounting other than accounting principles generally accepted in the United States of America.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Rural Water District No. 1, Noble County's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Rural Water District No. 1, Noble County's internal control. Accordingly, we do not express an opinion on the effectiveness of the Rural Water District No. 1, Noble County's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described in the accompanying schedule of findings and questioned costs, we identified certain deficiencies in internal control that we consider to be material weaknesses.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of control deficiencies, in internal control that there is reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiencies described in the accompanying schedule of findings and questioned costs to be material weaknesses.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Rural Water District No. 1, Noble County's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts.

However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted other matters that we reported to the management of Rural Water District No. 1, Noble County in a separate letter dated January 3, 2015.

Response to Findings

Rural Water District No. 1, Noble County's response to the findings identified in our audit is described in the accompanying schedule of findings and questioned costs. Rural Water District No. 1, Noble County's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

January 3, 2015

RURAL WATER DISTRICT NO. 1, NOBLE COUNTY
SCHEDULE OF FINDINGS AND RESPONSES
YEAR ENDED DECEMBER 31, 2013

Material Weaknesses in Internal Control Over Financial Reporting: Inadequate Segregation of Duties:

Criteria: The segregation of duties and responsibilities between different individuals and the reconciliation of those asset accounts is an important control activity needed to adequately protect the entity's assets and ensure accurate financial reporting.

Condition: Presently, the same individual is responsible for water service billings and receiving payments; making and recording deposits; maintaining billing registers; and reconciling the monthly bank statements. Only limited oversight is provided over this individual in the conduct of their daily functions.

Cause: The entity's limited size has made it difficult for management to fully segregate the duties.

Effect or Potential Effect: Without sufficient segregation of duties, the risk significantly increases that errors and/or fraud related to the sales and collection activities, including misappropriation of assets, could occur and not be detected within a timely basis.

Recommendation: The board should evaluate the risks associated with the lack of segregation of duties and consider implementing controls that could mitigate these risks.

Board's Response: The board has concluded that due to the limited number of personnel, an adequate segregation of duties is not achievable and that the cost of correcting the weakness would exceed the benefits that would be derived from it.

Material Weakness in Internal Control Over Financial Reporting: Incomplete Financial Statements:

Criteria: Internal controls should be in place to ensure that the District prepares financial statements that include all financial records, transactions and accounts.

Condition: The District's financial statements did not reflect the grant accounts

Cause: The entity's limited structure has made it difficult for management to correctly reflect the grant activity in the financial statements.

Effect or Potential Effect: The absence of controls over the preparation of financial statements significantly increases the risk that a misstatement of the financial statements could occur and not be prevented or detected by the District within a timely basis.

Recommendation: We recommend that the District strive to include all of the entity's transactions and accounts in the financial statements.

Board's Response: The District concurs with the recommendation, and will strive to prepare accurate financial statements.

RURAL WATER DISTRICT NO. 1, NOBLE COUNTY
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2013

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Nature of Organization

The Rural Water District No. 1, Noble County was incorporated on February 26, 1965. The District was created under the Rural Water District Act, Title 82, Sections 1301-1321, as amended, of the laws of the state of Oklahoma. The purpose of the District is to acquire water and water rights; to construct and acquire waterlines and other facilities; and to operate the same for the purpose of furnishing water to serve the needs of rural residents whose lands are located within the District.

The District is a governed entity by a Board of Directors that acts as the authoritative and legislative body of the entity. The Board of Directors is comprised of elected board members.

Basis of Accounting

The District is classified as an Enterprise Fund. The costs of providing the water services to the public are financed mainly through user charges. The financial statements of the District have been prepared using the modified cash basis of accounting. This basis recognizes assets, liabilities, net assets/funds equity, revenues, and expenditures/expenses when they result from cash transactions with provision for depreciation. This basis is a basis of accounting other than accounting principles generally accepted in the United States of America.

As a result of the use of the modified cash basis of accounting, certain assets and their related revenues (such as accounts receivable and revenue for billed or provided services not yet collected) and certain liabilities and their related expenses (such as accounts payable and expenses for goods or services received but not yet paid, and accrued expenses and liabilities) are not recorded in these financial statements.

Cash and Deposits

Cash is maintained in financial institutions, which provide coverage to depositors through the Federal Deposit Insurance Corporation.

The State of Oklahoma allows government entities to invest in the following: direct obligations of the United States Government, its agencies or instrumentalities; collateralized or insured certificates of deposit; insured savings accounts or savings certificates; or county, municipal or school district direct debt.

Restricted Reserves

United States Department of Agriculture-Rural Development requires monies to be held in reserve accounts. These reserve funds are to equal the note payments for one year. To be fully funded, these reserve funds must total \$14,004. As of December 31, 2013, these reserve funds, which consisted of a savings account, totaled \$14,004.

RURAL WATER DISTRICT NO. 1, NOBLE COUNTY
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2013

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued):

Cash and Investments

For the purposes of the Statement of Cash Flows, the District considers demand accounts (excluding restricted reserves), subject to withdrawal by check, as cash equivalents.

NOTE 2 - PROPERTY, PLANT AND EQUIPMENT:

Equipment purchases, waterline extensions and additions are capitalized and depreciated over their estimated useful lives. Depreciation is calculated on a straight-line basis. Total depreciation for the year ended December 31, 2013 \$17,989. The balances for depreciable assets by major category are as follows:

	Balance 12/31/12	Additions	Balance 12/31/13
Building	\$ 5,302	\$ 2,830	\$ 8,132
Water distribution system	625,790		625,790
Equipment	53,286		53,286
	684,378	2,830	687,208
Less accumulated depreciation	(323,540)	(17,989)	(341,529)
Net	<u>\$ 360,838</u>	<u>\$ (15,159)</u>	<u>\$ 345,679</u>

NOTE 3 - NOTES PAYABLE:

The District borrowed money for improvements to the waterline system. The balance of this note at December 31, 2013 was \$4,418. The note carries an interest rate of 6.75% and matures April 18, 2015.

The District borrowed \$238,000 from the United States Department of Agriculture-Rural Development for improvements to the waterline system. The loans consist of two promissory notes that carry interest rates of 5% and 5.5% and have terms of 40 years each. During the year ended December 31, 2013, principle payments of \$4,721 were made on these notes.

To finance water system improvements, the District entered into a loan agreement with OWRB for \$1,161,825. The interest rate is 2.06% and matures on March 15, 2034. This loan is under the EPA's Drinking Water State Revolving Fund Program and qualifies for debt forgiveness, if certain project requirements are met, which will be determined at the end of the project.

RURAL WATER DISTRICT NO. 2, NOBLE COUNTY
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2013

NOTE 3 – NOTES PAYABLE (continued):

As of December 31, 2013, \$686,526 had been borrowed from this loan. At the date of this report, the full amount of the loan, \$1,161,825 had been received.

The following is a schedule of the notes and the payments due:

	91-03	91-05	OWRB	Bank
Principle balance at 12/31/12	\$ 148,632	\$ 38,520	\$	\$ 7,669
Principle payments	(3,683)	(1,038)		(3,251)
Loan proceeds			686,526	
Balance at 12/31/13	<u>\$ 144,949</u>	<u>\$ 37,482</u>	<u>\$ 686,526</u>	<u>\$ 4,418</u>

	Total	Principle	Interest
Payments:			
12/31/14	\$ 28,082	\$ 15,338	\$ 12,744
12/31/15	57,115	34,412	22,703
12/31/16	55,915	34,061	21,854
12/31/17	55,915	34,936	20,979
12/31/18	55,915	35,838	20,077
12/31/19-12/31/23	279,575	193,746	85,829
12/31/24-12/31/28	279,575	210,781	68,794
12/31/29-12/31/33	279,575	253,021	26,554
12/31/34-12/31/37	78,113	61,242	16,871
	<u>\$ 1,169,780</u>	<u>\$ 873,375</u>	<u>\$ 296,405</u>

NOTE 4 – ESTIMATES:

The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

RURAL WATER DISTRICT NO. 1, NOBLE COUNTY
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2013

NOTE 5 – RISK MANAGEMENT:

The District is exposed to various risks of losses related to torts; thefts of, damage to, and destruction of assets; errors and omissions; injuries to employees and natural disasters. The District manages this risk through the purchase of commercial insurance policies. Claims are recognized when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. In determining claims, events that might create claims, but for which none have been reported, are considered. There were no claims during the year ended December 31, 2013.

NOTE 6 - FAIR VALUE OF INSTRUMENTS:

The District's financial instruments include cash and cash equivalents, and notes payable. The District's estimate of the fair value of all financial instruments does not differ materially from the aggregate carrying values of its financial instruments recorded in the accompanying statement of net position. The carrying amount of these financial statements approximates fair value because of the short maturity of these instruments.

NOTE 7 – CONTINGENCIES:

As of December 31, 2013 the District did not have any pending litigation or potential non-disclosed liabilities that management believes would have a material effect on the financial statements.

NOTE 8 – NET POSITION:

Net position presents the difference between assets and liabilities in the statement of net position. Net investment in capital assets is reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvement of those assets. Net position is reported as restricted when there are legal limitations imposed on their use by District legislation or external restrictions by creditors, grantors, laws or regulations of other governments.

NOTE 9 – EVALUATION OF SUBSEQUENT EVENTS:

The District has evaluated subsequent events through January 3, 2015, the date which the financial statements were available to be issued.

INDEPENDENT AUDITOR'S REPORT
ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL
OVER COMPLIANCE REQUIRED BY OMB CIRCULAR A-133

Board of Directors
Rural Water District No. 1, Noble County

Report on the Financial Statements

We have audited Rural Water District No. 1, Noble County with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of Rural Water District No. 1, Noble County's major federal programs for the year ended December 31, 2013. Rural Water District No. 1, Noble County's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility for the Financial Statements

Management is responsible for compliance with the requirements of laws, regulations, contracts and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express opinions on compliance for each of Rural Water District No. 1, Noble County's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Rural Water District No. 1, Noble County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Rural Water District No. 1, Noble County's compliance.

Opinion on Each Major Federal Program

In our opinion, Rural Water District No. 1, Noble County, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2013.

Other Matters

The results of our auditing procedures disclosed instances of noncompliance, which are required to be reported in accordance with OMB Circular A-133 and which are described in the accompanying schedule of findings and questioned costs. Our opinion on each major federal program is not modified with respect to these matters.

Rural Water District No. 1, Noble County's response to the noncompliance findings identified in our audit is described in the accompanying schedule of findings and questioned costs. Rural Water District No. 1, Noble County's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Report on Internal Control over Compliance

Management of Rural Water District No. 1, Noble County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Rural Water District No. 1, Noble County's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Rural Water District No. 1, Noble County's internal control over compliance.

Our consideration of internal control over compliance was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we identified certain deficiencies in internal control over compliance that we consider to be material weaknesses and significant deficiencies.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. We consider the deficiencies in internal control over compliance described in the accompanying schedule of findings and questioned costs to be material weaknesses.

A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance. We consider the deficiencies in internal control over compliance described in the accompanying schedule of findings and questioned costs to be significant deficiencies.

Rural Water District No. 1, Noble County's response to the internal control over compliance findings identified in our audit is described in the accompanying schedule of findings and questioned costs. Rural Water District No. 1, Noble County's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133.

Report on Schedule of Expenditures of Federal Awards Required by OMB Circular A-133

We have audited the financial statements of Rural Water District No. 1, Noble County as of and for the year ended December 31, 2013, and the related notes to the financial statements. We issued our report thereon dated January 3, 2015 which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions of the financial statements. The accompanying schedule of expenditures of federal and state financial awards is presented for purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal and state financial awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

RURAL WATER DISTRICT NO. 1, NOBLE COUNTY
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
YEAR ENDED DECEMBER 31, 2013

SUMMARY OF AUDITOR'S RESULTS:

1. The auditor's report expresses an unmodified opinion on the financial statements of Rural Water District No. 1, Noble County.
2. A material weakness disclosed during the audit of the financial statements is reported in the Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*.
3. No instances of noncompliance material to the financial statements of Rural Water District No. 1, Noble County were disclosed during the audit.
4. A material weakness in internal control over major federal award programs disclosed during the audit is reported in the Independent Auditor's Report on Compliance for Each Major Program and on Internal Control over Compliance Required by OMB Circular A-133.
5. The auditor's report on compliance for the major federal award programs for Rural Water District No. 1, Noble County expresses an unmodified opinion on all major federal programs.
6. Audit findings that are required to be reported in accordance with Section 510(a) of OMB Circular A-133 are reported in this Schedule.
7. The program tested as a major program includes:

ARRA Environmental Protection Agency
Safe Drinking Water State Revolving Fund Loan
66.468
8. The dollar threshold used to distinguish between Type A and Type B programs was \$500,000.
9. The auditee did not qualify as a low risk auditee.

RURAL WATER DISTRICT NO. 1, NOBLE COUNTY
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
YEAR ENDED DECEMBER 31, 2013

FINDINGS – FINANCIAL STATEMENTS AUDIT:

Material Weaknesses in Internal Control Over Financial Reporting: Inadequate Segregation of Duties:

Criteria: The segregation of duties and responsibilities between different individuals and the reconciliation of those asset accounts is an important control activity needed to adequately protect the entity's assets and ensure accurate financial reporting.

Condition: Presently, the same individual is responsible for water service billings and receiving payments; making and recording deposits; maintaining billing registers; and reconciling the monthly bank statements. Only limited oversight is provided over this individual in the conduct of their daily functions.

Cause: The entity's limited size has made it difficult for management to fully segregate the duties.

Effect or Potential Effect: Without sufficient segregation of duties, the risk significantly increases that errors and/or fraud related to the sales and collection activities, including misappropriation of assets, could occur and not be detected within a timely basis.

Recommendation: The board should evaluate the risks associated with the lack of segregation of duties and consider implementing controls that could mitigate these risks.

Board's Response: The board has concluded that due to the limited number of personnel, an adequate segregation of duties is not achievable and that the cost of correcting the weakness would exceed the benefits that would be derived from it.

Material Weakness in Internal Control Over Financial Reporting: Incomplete Financial Statements:
(See Findings and Questioned Costs – Major Federal Awards Programs Audit section)

FINDINGS AND QUESTIONED COSTS – MAJOR FEDERAL AWARD PROGRAMS AUDIT:
ARRA Environmental Protection Agency – Safe Drinking Water State Revolving Fund

2013-001 Material Weakness in Internal Control Over Financial Reporting: Incomplete Financial Statements:

Criteria: Internal controls should be in place so that the District could prepare the financial statements that included all financial transactions and accounts.

Condition: The District did not reflect the grant accounts

Cause: The entity's limited structure has made it difficult for management to correctly reflect the grant activity in the financial statements.

Effect or Potential Effect: The absence of controls over the preparation of financial statements significantly increases the risk that a misstatement of the financial statements could occur and not be prevented or detected by the District within a timely basis.

RURAL WATER DISTRICT NO. 1, NOBLE COUNTY
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
YEAR ENDED DECEMBER 31, 2013

Recommendation: We recommend that the District strive to include all of the entity's transactions and accounts in the financial statements.

Board's Response: The District concurs with the recommendation, and will strive to prepare accurate financial statements.
